PRESENTATION ON NEW ZIP CODES IN ST. JOHNS COUNTY BY MR. JAMES BLUM, POSTMASTER

Reardon introduced Jim Blum, Postmaster of St. Augustine. Blum presented the new zip code changes: 32080 is the new zip code for all of Anastasia Island, and some adjustments to the zip codes boundaries on the north end of St. Augustine for 32084 and 32095, and the south boundary between 32084 and 32086. He stated the reason for the changes is because of growth in the St. Johns County area and they are at a saturation point in the 32084 zip code area. The effective date for changes is July 1, 2000. Customers will have a one year period for changing zip codes and can start using new zip codes now. During the one year period, the Post Office will deliver press releases, media advisories, two letters to each home, for implementation and a reminder. He presented a map, using visual display, of the old zip codes and new zip codes. The Post Office made a proposal for a postal facility on Anastasia Island. The Winn Dixie at SR 312 is only a consideration for the post office facility. Discussion followed on putting post offices in different areas.

(3:05 p.m.) Louise Thrower, 288 Orange Ave., reiterated what Howell said about wanting their own post office in the north part of the County called Fruit Cove. Blum clarified that it is perfectly acceptable to use Fruit Cove, FL, 32259 as their address. Howell mentioned having some land off Race Track Road to build a post office on.
