Bennett mentioned that the commissioners had received Althaus' message, forwarded it to county administration, and the issue would be reviewed. She mentioned that Darrell Locklear would be getting with them shortly to get more information on the issue. Sanchez said he had forwarded the message to the Sheriff's Office, so they would be aware that the County was reviewing the issue.

(9:14 a.m.) William Rosensfock, 57 White Court, spoke on the need for more parking at the beaches.

(9:16 a.m.) Karen Miles, 7507 A1A South, spoke on the need for additional beach parking and allowing parking on the beach. Bennett requested Administration to make sure beach parking was placed on an agenda for discussion. Sanchez said about a year ago, the Board requested that Park Service return driving on the beach in a designated area, and the County was waiting for a reply. Wanchick mentioned that the Federal Government would respond to the County by September, 2013. Wanchick suggested bringing driving on the beach and beach parking back to the Commission for discussion. Bennett requested staff to educate the Board on all the different aspects of the issue.

(9:23 a.m.) McClure mentioned being deeply involved in the issue because it was in his district. Discussion followed among the Commissioners. Wanchick said a letter to the Federal Government would reaffirm the Board's opinion. (9:27 a.m.) *There was consensus of the Board to send a letter to the Federal Government regarding beach driving on the property owned by the government.* Wanchick asked the Board if they wanted a workshop on the issue, or to wait for the response from the Government in September, 2013, with the Board responding to wait until September.

(06/04/13 - 3 - 9:28 a.m.)

ADDITIONS/DELETIONS TO REGULAR AGENDA

Wanchick covered the red folder item regarding the Lighthouse. He said the item was a request from the Lighthouse LAMP Board for a letter of support, in which they would like to submit some State funding for an archeological survey of the lost French fleet that sank 450 years ago. He said there was no financial impact to the County and that the Lighthouse LAMP Board was looking for local support, which was part of the grant process. He recommended the Board to authorize the chair to sign the letter in support. (9:29 a.m.) **Motion by McClure, seconded by Bennett, carried 4/0 with Stevenson absent, to approve the item recommended by Wanchick.**

(06/04/13 - 4 - 9:29 a.m.)

Proof of publication of the notice of public hearing on Land Development Code Amendments for Articles II, III, IV, V, VI, VIII and IX was received, having been published in *The St. Augustine Record* on May 28, 2013.

Regina Morris, Assistant County Attorney, entered the meeting.

Lindsay Haga, AICP, Development Review Director, mentioned this was the first hearing on the Land Development Code changes, the series that was entitled overlay districts and development options, *Exhibit A*. She reviewed the history of the item. She stated there were four categories of the amendments topics; exemptions, exceptions, permit consistency, and companion/additional changes. She reviewed the four overlay boards. She mentioned the changes to signage, special event signage banners, Design Review Board (DRB) flexibility, board merger and expansion, and application management. She touched on the changes; marine turtle lighting, PUD modifications, PZA terms-4 year clarification, and commercial use reference. She asked the Board's opinions on banners, administrative approvals, and board merger.

(9:47 a.m.) Vivian Browning, 115 Vilano Road, said the above items were realistic changes, and she supported the plans on moving forward.

(9:51 a.m.) Ellen Whitmer, 1178 Natures Hammock Road South, said they would not want any relaxation of the standards on signage and overlay. She mentioned that she would like to have a Design Review Board for the area she lived in.

(9:52 a.m.) Bennett said she was in support of the views mentioned by Haga. She said that the County should respect Palm Valley and William Bartram Highway's protection against banners. She recommended that administrative approvals of exterior finishes, of changes be allowed and spoke on developing color palettes. She spoke about construction schedules and recommended having, across the board administrative approval of certain items. She recommended a merger of the boards.

(9:56 a.m.) McClure asked who needed to approve the exterior finishes was needed. Haga said the Growth Management Staff's approval, and explained. She said the exterior finish was a big job. McClure stated that he liked the pallet idea.

(10:03 a.m.) Sanchez spoke about paint finished colors, and receiving a lot of complaints from the public, about being told what color to paint their buildings. He said businesses had to advertise, so they needed signs to survive. He mentioned being careful how much goes into blanket coverage.

(10:06 a.m.) Bennett said Commissioners McClure and Sanchez's concerns could be answered by the ARCs developing a pallet. She said the Board of County Commissioners should hold their boards responsible for developing a standard.

(10:07 a.m.) Morris spoke about signage, banners, the amount of colors in a pallet, and the merger of overlay districts. Discussion followed.

(10:14 a.m.) Motion by Bennett, seconded by Sanchez, carried 4/0 with Stevenson absent, to announce the next public hearing will occur at the Planning and Zoning meeting scheduled for July 18, 2013, and the final public hearing is planned for the County Commission meeting on August 20, 2013, at 5:01 p.m.

1a. MOTION TO ADOPT A RESOLUTION AUTHORIZING THE CHAIR TO EXECUTE A CONTRACT BETWEEN ST. JOHNS COUNTY AND JALA (JACKSONVILLE AREA LEGAL AID) TO PROVIDE LEGAL AID SERVICES TO INDIGENT PERSONS RESIDING WITHIN ST. JOHNS COUNTY

McCormack mentioned that the item was a renewal of a Jacksonville Area Legal Aid contract and was the same contract that had been adopted for the last several years. McClure asked if the money came out of the legal budget. McCormack responded that it came out of a separate budget item, not out of the County Attorney's budget.

(10:18 a.m.) Megan Wall, JALA, said the number of clients had gone up drastically, and the funding had stayed the same. She spoke on percentages, the amount of employed staff, budget, and foreclosures. Discussion followed on the highest growth area being handled by JALA and the case load.

3. DISCUSSION OF THE POPE ROAD PARKING IMPROVEMENT PROJECT

Wanchick said when the beach renourishment project was completed on St. Augustine Beach, there was a mutual desire to improve the parking lot that existed at the end of Pope Road, because there were no parking spaces and no sidewalks, just a sand surface. He said the idea was to bring it up to modern standards. He mentioned that he and Commissioner Bennett met with the City Manager and the Mayor of St. Augustine Beach, and jointly agreed that they would place items on their respective agendas and get a position from their respective Boards. He said one end of the spectrum was that they agreed to split the cost of the Pope Road parking lot design and construction, which would be about \$100,000 total or the County would decide to give up its interest and no longer pursue the project, giving the right the County had in the property, back to the Federal or State government and get out of the project entirely. He said at that meeting, the consensus between him and the Mayor was to go with the mutual split of funding. He stated the City of St. Augustine Beach met last night and they unanimously approved participating with the County fifty-fifty on the design and construction funding. He stated that was the recommendation that he was presenting to the Commissioners this morning. He stated if the Board concurred with that recommendation, they would pursue TDC funding, and also get money from the services budgets to come up with the County's portion of \$45,000. He reviewed a slide showing the parking lot design, *Exhibit A*. Morris said he thought it would be money well spent.

(10:41 a.m.) McClure asked about the maximum number of spaces for parking. Wanchick explained there would now be a sidewalk, turnaround area at the end, and ADA parking spots. He mentioned that there was a Phase 2, that could be pursued, which would be to go further into the engineered beach; the dredged beach. McClure asked about maintaining the right-of-way for the CORP regarding the renourishment. Wanchick responded that was the CORP's staging area for the project and that would no longer be there. Discussion followed on parking on the beach.

(10:43 a.m.) Bill Rosenfock, 57 White Court, reviewed a picture of the parking area, *Exhibit B*. He spoke about an area being blocked off by the State. He said he had a letter from DEP saying they would like to assist in opening up that blocked area and read the letter from DEP.

(10:47 a.m.) Wanchick clarified the parking area, and said the County would like to reopen the portion of the parking that the County could afford to reopen.

(10:48 a.m.) Discussion followed on expansion of the parking lot.

(10:50 a.m.) Motion by Bennett, seconded by Sanchez, carried 4/0 with Stevenson absent, to approve the transfer of approximately \$45,000 to assist in funding the Pope Road Beach Access Parking Project, following the City of St. Augustine Beach approving the 50 percent partnership with the County.

4. PRESENTATION ON THE ST. JOHNS COUNTY FIREFIGHTER AUXILIARY PROGRAM

Carl A. Shank, Fire Rescue Chief, gave a presentation on the St. Johns County Firefighter Auxiliary Program. He reviewed the program implementation, participation benefits, fire department benefits, program costs, and program summary.

(11:03 a.m.) McClure spoke on the AAA program. He asked about the auxiliary employees being considered as a County employee even though they were not getting

paid, and being paid under workers comp. Shank responded that they would be considered as volunteers and covered by workers comp.

(11:05 a.m.) Discussion followed by the Commissioners and staff, on when the program would be implemented, how many people were participating, those particular firefighters serving as a supplement to the current minimum staffing requirements, having an overtime management plan, reducing overtime costs, and having full staff on some of the vehicles.
